

Zero Plastic Day

Reducing Plastic at Kapinara

1 third of turtles die with plastic in their stomachs!

Luke

Talking about plastic is nothing to joke about

Oscar

1 dump truck full of plastic enters our oceans every minute!

Stephanie

There is enough plastic in the ocean to circle the 400 times

By Sam

Plastic forks and knives are not recyclable instead use bamboo cutlery.

Tari

Our ocean is in trouble. We are trying to send a valuable message to keep our oceans clean and our animals alive.

Noa

Did you know coffee cups are made from paper board lined with plastic

Lachlan

So come on everyone! Let us all work together to save our majestic marine life.

Eve

Did you know every piece of plastic we have ever used is still somewhere on the planet today!

Giselle

About 100,000 marine creatures die each year from getting tangled up in plastic. The plastic fills their stomach and so they starve to death.

Matilda

200 billion plastic bottles are used every year, three quarters of them end up in the ocean!

Mason

Even using metal cutlery is better than plastic because you can wash it easily but when we do throw it away the metal can be recycled.

Tanika

Plastic straws are one of the biggest problems in our oceans and are one of the most picked up items in beach clean-ups.

Dominic

We all use plastic simply because it's cheap, convenient and it keeps food fresh.

Claudia

If we had to line up all of the coffee cups they would stretch around the world twice.

Henry Pethick

Single use plastics are products and packaging that we throw away after only one use.

Phoebe

To cut down on plastic, you could replace Gladwrap with Beeswax wraps.

Mitch

Another way we can all make a difference is by trying not to use plastic bottled water. The consumes over 200 billion litres of bottles water every year

Xavier Perry

Lots of people are helping to stop plastic pollution and many of them are kids our age

Ewan

You could try switching to bamboo straws instead of plastic ones since bamboo will break down as it is made by plants. COOPER

Rottnest Island banned plastic straws on May 1 2019 the Australian Government is under pressure to ban plastic.

Roode

How much of the packaging and containers are actually necessary or will they end up in a rubbish mountain a landfill site or in the sea.

Tom

On Friday 7th June we had a Zero Plastic lunch day at Kapinara.

Samantha

There are many ways in which we can all help to be part of the solution. One good way is to remember your reusable cloth bags whenever you shop.
