Student Internet and Digital Technology Use

Agreement 2022

Kapinara Primary School

Kindness, Consideration and Service for Others

Student Name: _____

Class: _____

Student Cybersmart Agreement

WHY?   We will agree to use digital technologies as tools to transform our learning safely and securely

WHAT?   We will use digital technologies to:

Collaborate
Cooperate when working with my classmates

Celebrate
share successes

Curate
by learning ways to present my work

Communicate
and share my work with my teacher and my family

HOW?   We will use digital technologies to develop and model:

Critical & Creative Thinking	Love of Learning	Integrity	Resilience	Respect
by using ICT to generate ideas and plan solutions	by wanting to learn new things and finding ways to get better at the things I can already do.	By using digital devices responsibly and as directed even when no one is watching.	by persisting with tasks and adapting my approach when necessary.	by asking permission before taking a photo of other people and/or their work.
by using digital programs to create and modify text, images, audio and video			by telling a trusted adult when I feel uncomfortable or unsafe when using technology.	by acknowledging when I use digital products created by someone else.

Examples of how I have/have not shown these values:

2021	Student initials	Teacher initials	Critical and Creative Thinking	Love of Learning	Integrity	Resilience	Respect
Semester 1							
Semester 2							

INTERNET and DIGITAL TECHNOLOGY AGREEMENT - YEAR 6

I understand and accept that to use computers and iPads at Kapinara Primary School and the online services of the Department of Education, you must agree to follow the rules below:

Digital Devices

- I will use computers and iPads only with the permission of a teacher
- I will follow all instructions from teachers when using computers and iPads
- I will carry portable digital devices carefully and treat all digital technologies with care
- I understand that at school, devices are only to be used for authorised learning

Using the Internet

As a Kapinara student I understand that I am expected to treat others respectfully and with kindness and consideration. I understand that my behaviour, including my online behaviour, should not cause harm to myself or anyone else.

- I will only access internet sites that a teacher has approved; or that relate directly to my learning at that time
- If I find any information that is inappropriate or makes me feel uncomfortable I will turn off the computer screen or press 'home' on the iPad and tell a teacher about it immediately.

  Something is inappropriate if it is not **directly** related to my learning; has not been authorised by a teacher; or if it makes me or someone else feel uncomfortable.
- I will not share any personal information, including names, addresses, photographs or telephone numbers of myself or others, through the internet
- I know that the school and the Department of Education may see anything I access, send or receive online
- I will not let anybody else know any of my passwords
- I will not let anyone else use my online accounts, nor will I access anyone else's account
- I will tell my teacher immediately if I think someone is using my online services account.
- If I use other people's work, including information I find on the internet I will always acknowledge whose it is

I understand that if I do not follow these rules, then access to digital devices and/or the internet will be suspended or withdrawn, and there may also be other consequences for my behaviour.
