Dear Kylie

I refer to the one year follow up review for the relationships and partnerships, learning environment and leadership domains following Kapinara Primary School's Public School Review in Term 4, 2023.

I am advised that Darren Greaves, Director, Public School Review and Craig Skinner, Principal, Parkwood Primary School, met with you, your deputy principals, members of staff and the School Board, and parents to consider the extent to which the school has made sufficient and sustainable progress against the report's recommendations for the domains listed above.

The advice received confirms the school has demonstrated sufficient and sustainable progress towards meeting the Standard in relation to the recommendations in each domain.

I have been informed that over the past 12 months, staff have actively and enthusiastically embraced collaborative processes, resulting in greater shared purpose and alignment of practices to address the review's recommendations. This effort has significantly strengthened the collective efficacy of staff, with a unified commitment toward school improvement.

Additionally, I am pleased to report a marked increase in community confidence, conveyed by the School Board and parents. This positive shift is attributed to the school's openness to feedback and the opportunities provided to the community to engage meaningfully with the school. Under your leadership, the school's responsiveness to feedback has enhanced transparency and communication, fostering stronger relationships with the community and focusing staff on improving outcomes for all students.

Kapinara Primary School is to be congratulated for its professional commitment by first, noting the areas for improvement and second, implementing strategies that have resulted in the improvements desired.

You will receive formal notification of your school's next Public School Review, inclusive of all domains, in the 2 terms leading up to your review. This notification will be provided in 2026.

I wish you and the staff continued success in your endeavours to provide high quality education for your students.

Yours sincerely

Steven Watson
